**State & Data:** Vuex, Pinia, React Context, Axios, Fetch API, RESTful API integration

**Tools & DevOps:** Git, GitHub, GitLab, NPM, Yarn, Vite, Webpack

---

## PROFESSIONAL EXPERIENCES

### Front-End Developer - TECHROOM SERVICES (Uyo)

Sept 2020 - Present

#### Technical Leadership

- Spearheaded development and deployment of web applications for multiple clients and in-house projects, managing the full project lifecycle from scoping to delivery.
- Collaborated with designers and backend teams to produce performant, pixel-perfect interfaces using React.js and Vue.js.

#### Education & Mentorship (Techroom Academy)

- Designed and led IT training programmes and mentorship tracks across Frontend (React, Vue.js), Mobile/Backend, and UI/UX disciplines.
- Tutored 11 students directly; 5 have since progressed to instructor roles within the organisation.
- Mentored 25+ students and interns, with 60% successfully securing roles in the tech industry.

### **Front-End Developer - HILOGISTICS REMOVAL SERVICES (United Kingdom)**

Oct 2024 - Feb 2025 ·

- Built responsive public-facing landing pages and internal dashboard for a logistics platform using Vue.js and Bootstrap.
- Developed real-time tracking, user management, and shipment status components integrated with RESTful APIs via Axios.
- Optimised performance and UX to ensure fast load times across desktop and mobile devices.
- Participated in code reviews and Agile sprints using Git/GitHub for version control.

### **Front-End Developer - ZOWASEL (Lagos, Nigeria)**

Oct 2022 - Dec 2024 ·

- Contributed to a digital agricultural marketplace, building responsive UIs, dynamic forms, and role-based dashboards using Vue.js, Vue Router, and Vuex.
- Designed modular UI components supporting product listing, inventory tracking, and order management.
- Integrated RESTful APIs to surface real-time inventory, pricing, and logistics data, and built data visualisation dashboards for farmers and merchants.
- Ensured cross-device and cross-browser compatibility, improving accessibility for users across varying devices and internet speeds.

### **Front-End Developer - BEI (Uyo, Nigeria)**

May 2021 - Dec 2022 ·

- Led a team of four developers to design and build a crypto-based educational platform, overseeing the end-to-end delivery of the project.
- Developed the public-facing landing page, user dashboard, and admin dashboard from UI designs using HTML, CSS, JavaScript, and Bootstrap.
- Coordinated task distribution, code reviews, and delivery timelines across the team, ensuring consistent quality and on-schedule releases.

---

## **EDUCATION**

University of Uyo, Akwa Ibom

B.Eng Electrical/Electronics Engineering - 2024
